

# CASH REIMBURSEMENT UI GUIDELINES

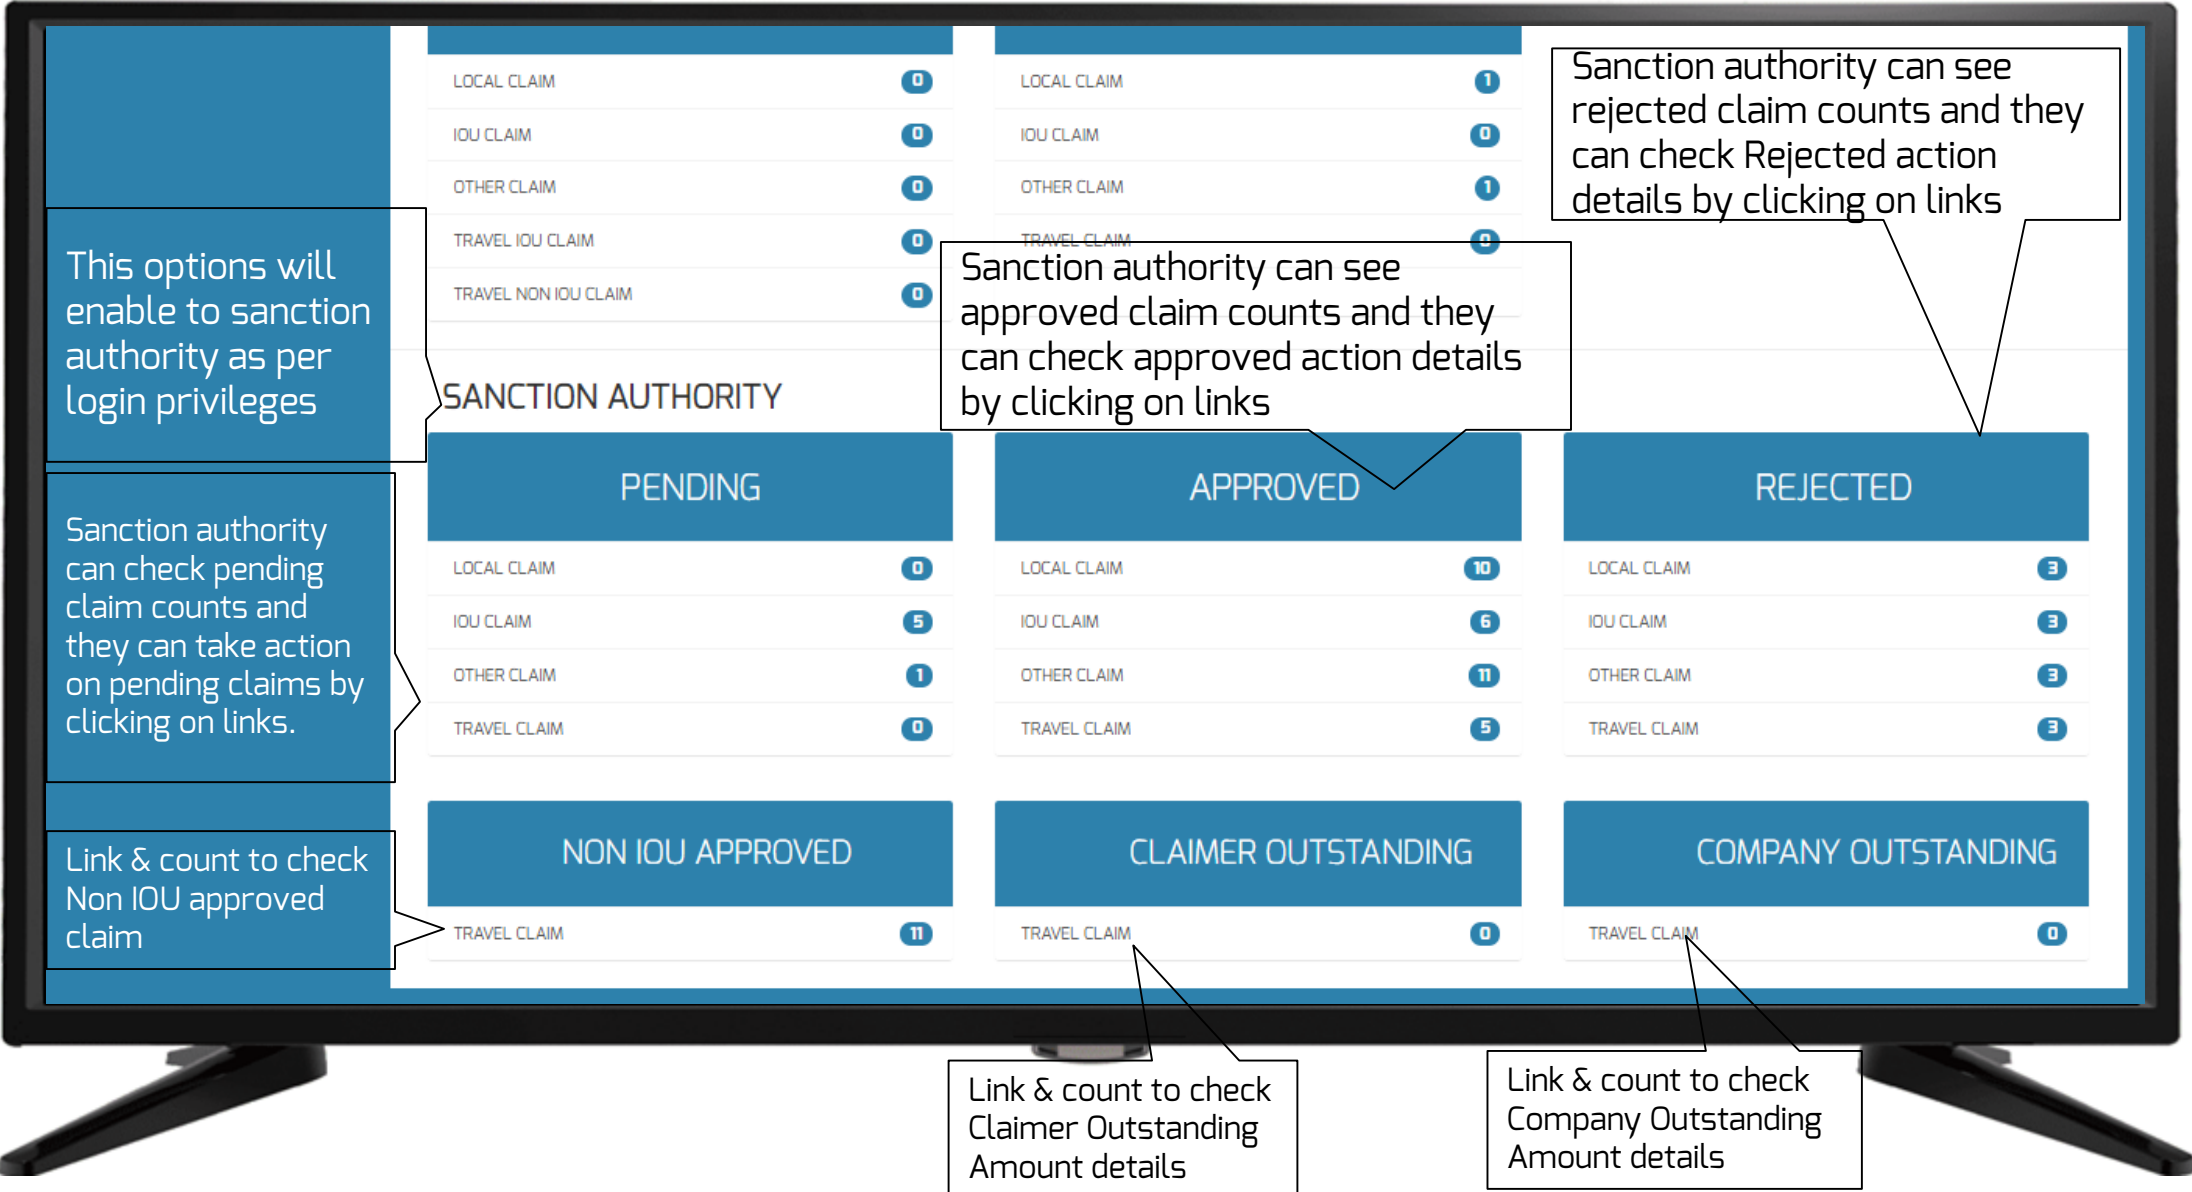

30-Sep-2019

1	Introduction
2	Dashboard For User
3	Dashboard For Sanction Authority
4	Dashboard For Higher Authority (For Other Claim)
5	Dashboard For MD Office (For Other Claim)

- 1 Overview of Changes to the Dashboard
- 2 Changed to Dash Board Navigation for better user interaction with the all the important information available on the dashboard.
- 3 User can see the count of their claims which are submitted, pending , rejected, drafted and disbursed. This reduces any confusion in checking claim status all at the same place.
- 4 As per the login privileges, the sanctioning and reporting authorities can directly see the claims and their status on their dashboard. They can directly take the action on the claim without navigating to other pages.
- 5 New aesthetics and color schema have been deployed to make user interaction more appealing.
- 6 Navigation Menu bar has been totally changed. Claims sorted, action wise, will appear in navigation menu.
- 7 Except for above explicit changes rest of systems and workflow remains unchanged .
